

Elasticated Edging

Colour Coded

Replace Shrink Wrap

Robust & Reusable

Significant Cost Savings

Removes Plastic Waste

Pallet Containment Nets are the new revolutionary alternative to conventional pallet stretch wrap film that leading brands are searching for as they seek to align packaging processes with their environmental Strategy.

A robust and reusable alternative for securing product to pallet. P.C. Net™ are a reusable and robust alternative to securing your product onto pallets, removing the need for shrink wrap and ongoing disposal costs. Using P.C. Net™ will help your company become more efficient, effective and environmentally friendly. It is easily pulled down around your product, then secured to the bottom of the pallet.

The elasticated edging ensures a tight fit all around to keep product from moving. P.C. Net™ can be reduced up to 500mm of height reduction (i.e. when some products are removed from the pallet and remaining stock need to be contained). The P.C. Net™ comes in three different pallet sizes, to suit most markets. They are colour coded for easy recognition of sizes and heights.

Benefits:

- Contains Product During Potential Tip Over
- End of Life Recyclable
- No Waste Disposal Costs
- Multiple Sizes
- Quicker Than Pallet Wrap
- Less Damage in Transit

Pallet Containment Nets

Fitting Instructions

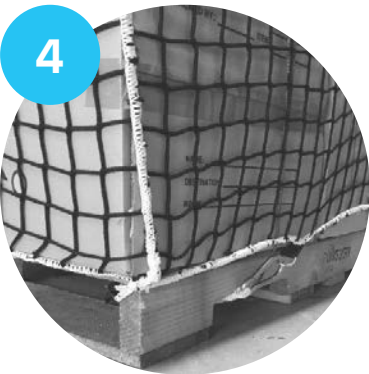

Lay out PC Net™ on top of pallet and position corner loops to corners of pallet, making sure size printed on tensioning straps are facing correct way for pallet size.

Take base loops/snap hooks and pull down about 1/4 way down pallet.

Pull down base loops to bottom of pallet to each corner.

Connect snap hooks on loops around base corner of pallet make sure loops are directed to side where forklift access is not required and connect to D rings sewn into net edge.

Pull Top tensioning straps to put enough pressure to keep product in place.

To Remove, Do Not undo tension straps completely, Disconnect snap hooks from bottom corners.

Gather from bottom to top until bunched together and secure net together for ease of fitting next time of use.
